About Us

*The power of community to
create health is far greater than
any physician, clinic or hospital.*

When the need for quality healthcare in the North-Eastern Bengal arose, the idea Manokamna Hospital was birthed in the minds of its Directors Dr. Naveen Kumar Agarwal, Dr. Monika Agarwal, Mr. Dhruva Das & Mr. Mohinder Kumar Agarwal. A project that did not compromise with quality right from its construction and are not willing to compromise at any point even today.

Built-in the heart of central Siliguri, Located in Iskon Mandir Road, Manokamna Hospital is open to all hospital that aims at providing quality and affordable Health Care.

Welcome Note

The same ethical principles are captured in the codes of professional conduct for doctors laid down by Medical Councils throughout the world.

Preferred employer for outstanding healthcare professionals and providing opportunities for learning, research, innovation and growth. Committed to organisational excellence and continuous quality improvement.

Striving to exceed international healthcare standards through an integrated quality-management system and surpass patient expectations through exceptional service quality and outstanding clinical outcomes.

We encourage collaborative and multidisciplinary patient care through teamwork and effective communication.

ICU Facilities

The department of critical care medicine at Manokamna Hospital is a combination of many specialties and technologies, offering the possibility of survival to patients who are acutely and critically ill.

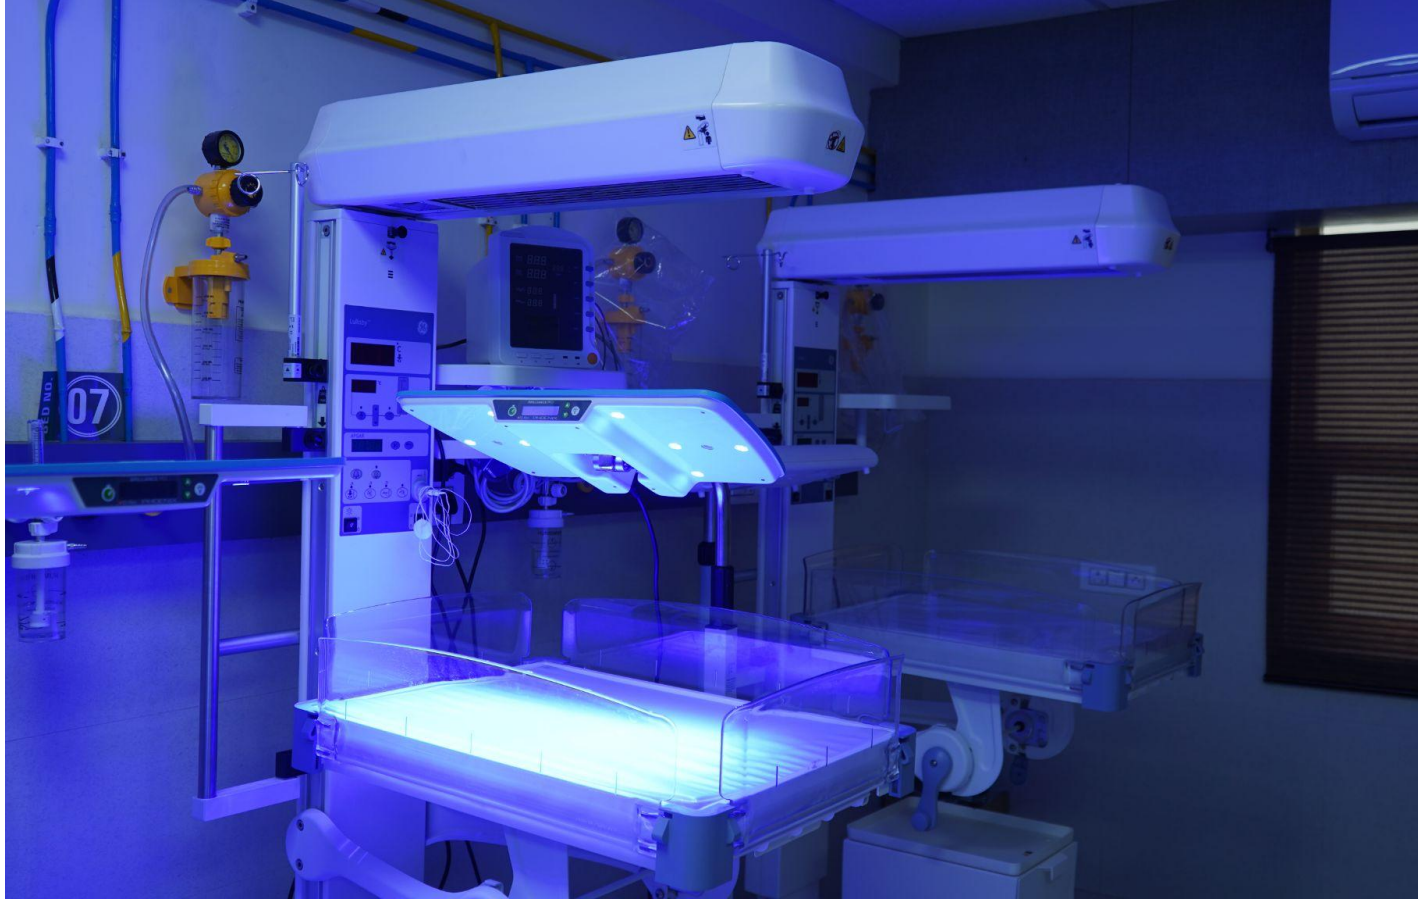

Our ICU management is based on the fact that methodical organization of Critical Care services influences important overall outcome measures such as mortality, length of stay and infection rates.

Our 24-hour critical care units are a combination of multidisciplinary ICUS as well as ICUS dedicated to post.

*We are committed to the care
of your baby in partnership
with you. We provide this care
within a framework of mutual
respect and empathy.*

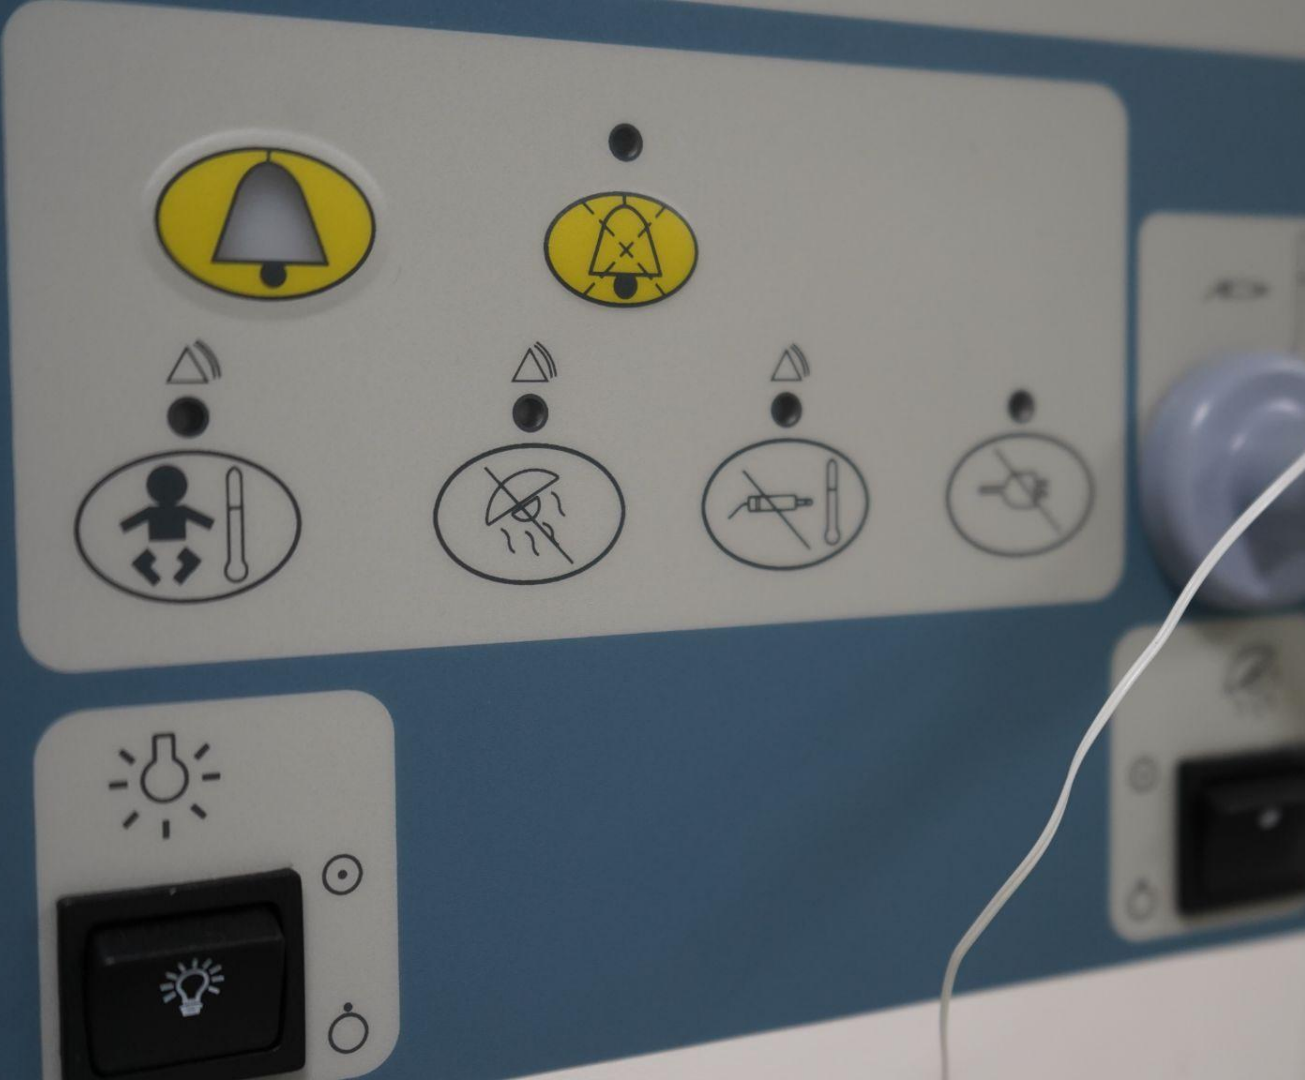

*We realise that every parent is
an individual and may wish to
be involved in different ways.
The staff in the baby ward have
an extensive range of skills in
caring for women and babies.
Please feel free to discuss your
baby's care and your
involvement in their care with
the nursing staff.*
